

RESOLUTION NO. 2010- 12

A Resolution of the County Council of Vermillion County, Indiana, Designating an Area Within Vermillion County, Indiana as an Economic Revitalization Area for the Purpose of a Personal Property Tax Abatement

WHEREAS, a request for a personal property tax abatement has been filed by TIN, Inc. (hereinafter "Applicant") with the County Council of the County of Vermillion, Indiana (hereinafter "the County Council") requesting that the real property located at State Road 63, Newport, IN 47966 (hereinafter "subject real estate") be designated an Economic Revitalization Area for purposes of personal property tax abatement (a legal description for the property is attached as Exhibit 1); and

WHEREAS, the Applicant has submitted a Statement of Benefits and provided all information and documentation necessary for the County Council to make an informed decision, including a description of the real property; and

WHEREAS, the Applicant has estimated that its investment in the project to be located at subject real estate will not create any jobs but will allow the Applicant to maintain 145 existing permanent full-time jobs with an average total annual payroll of \$8,336,000; and

WHEREAS, the County Council is authorized under the provisions of I.C. 6-1.1-12.1-1 et seq. to designate areas of Vermillion County, Indiana as Economic Revitalization Areas for the purpose of tax abatement; and

WHEREAS, the County Council has considered the Statement of Benefits and has conducted a complete and proper investigation of the subject property and neighborhood to determine that the area qualifies as an economic revitalization area under Indiana statutes; and

WHEREAS, the County Council has found the subject property to be an area within the jurisdiction of the County Council, which has become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age obsolescence, substandard buildings, or other factors which have impaired values or prevent a normal development of property or use of property and such is an area where facilities that are technologically, economically or energy obsolete, are located and where the obsolescence may lead to a decline in tax revenues;

NOW, THEREFORE, IT IS FOUND, DETERMINED AND RESOLVED by the County Council that:

1. The Applicant's estimate of the cost of new manufacturing equipment is reasonable for manufacturing equipment of that type in view of current technologies.

2. The Applicant's estimate of the value of the project to be put in place on the subject real estate is reasonable for projects of that nature in order to maintain, expand, update, and improve the ability of Applicant to continue functioning as a competitive paper mill in Vermillion County, Indiana.

3. The Applicant's estimate of the number of individuals whose employment will be retained, and the benefits thereby, can be reasonably expected to result from the project.

4. The Applicant's estimate of the annual salaries or wages of the individuals whose employment will be maintained, and the benefits thereby, can be reasonably expected to result from the project.

5. That the benefits about which information has been requested can reasonably be expected to result from the installation of the new manufacturing equipment.

6. The totality of the benefits of the project are sufficient to justify a _____ year personal property tax deduction from assessed valuation to result therefrom under Indiana statutes, and each and all of such deductions should be, and are, hereby, allowed.

7. That the Statement of Benefits submitted to the County Council is hereby approved and the Real Estate described in Exhibit A is hereby designated as an Economic Revitalization Area pursuant to I.C. 6-1.1-12.1-1, et seq. and Applicant is entitled to a _____ year personal property tax abatement as provided therein for the proposed acquisition of the new manufacturing equipment.

8. That notice hereof should be published according to law stating the adoption and substance hereof, that a copy of the description of the affected area is available for inspection in the County Assessor's Office and stating a date on which the Council will hear and receive remonstrances and objections and take final action regarding this designation, all as required by law.

9. That this Resolution is supplementary to and in addition to any prior resolutions.

10. That this abatement is subject to the terms and provisions of the Abatement Calculation Agreement entered by and between County Council of Vermillion County, Indiana and Applicant pursuant to I.C. 6-1.1-12.1-2(i).

11. Pursuant to I.C. 6-1.1-12.1-14, the County Council of Vermillion County, Indiana, has established an Abatement Fee, Applicant has been advised of said fee and agreed to the imposition of the Abatement Fee and the incorporation of such fee in this Resolution. Now,

therefore, the County Council of Vermillion County, Indiana, incorporates herein the provisions of I.C. 6-1.1-12.1-14 and declares that the percentage to be applied by the County Auditor for purposes of Step Two of I.C. 6-1.1-12.1-14(c) is 5%.

12. A copy of this Resolution, following its passage, shall be filed with the Vermillion County Assessor as required by I.C. 6-1.1-12.1-2.5(c).
