

RESOLUTION NO. 2014- 0004

A Resolution of the County Council of Vermillion County, Indiana, Designating an Area Within Vermillion County, Indiana as an Economic Revitalization Area Approving Statement of Benefits, and Adopting Waivers

WHEREAS, a request for a personal property tax abatement has been filed by **Eli Lilly and Company** (hereinafter "Applicant") with the County Council of the County of Vermillion, Indiana (hereinafter "the County Council") requesting that the real property located at State Road 63, Clinton, Indiana (a legal description of the Real Estate is attached as Exhibit 1) (hereinafter the "Real Estate") be designated an Economic Revitalization Area for purposes of property tax abatement; and

WHEREAS, the Applicant has submitted a Statement of Benefits on Form SB-1/PP dated April 25, 2014, to the County Council, a copy of which is attached as Exhibit 2 ("Statement of Benefits") and provided all information and documentation necessary for the County Council to make an informed decision, including a description of the Real Estate upon which the new manufacturing equipment described in the Statement of Benefits shall be located; and

WHEREAS, in the Statement of Benefits, the Applicant has estimated that its investment in new manufacturing equipment to be located at the subject Real Estate will be Forty-Six Million Dollars (\$46,000,000); and

WHEREAS, the project described in the Statement of Benefits will not create any jobs but will allow the Applicant to retain an estimated 450 existing full-time jobs at the facilities located at the Real Estate with an estimated average total annual payroll of \$31,500,000; and

WHEREAS, the County Council is authorized under the provisions of I.C. 6-1.1-12.1-1 et seq. to designate areas of Vermillion County, Indiana as Economic Revitalization Areas for the purpose of tax abatement; and

WHEREAS, the Real Estate is within the jurisdiction of the County Council; and

WHEREAS, the County Council has reviewed and considered the Statement of Benefits and has conducted a complete and proper investigation of the Real Estate and neighborhood to determine that the Real Estate qualifies as an Economic Revitalization Area under I.C. 6-1.1-12.1-1; and

WHEREAS, the County Council has found the Real Estate to be in an area which is within the corporate limits of Vermillion County, Indiana, which has become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence,

substandard buildings, or other factors which have impaired values or prevent a normal development of property or use of property and is an area where a facility or a group of facilities that are technologically, economically or energy obsolete are located and where the obsolescence may lead to a decline in employment and tax revenues; and

WHEREAS, Applicant has initiated or may initiate the installation of certain new manufacturing equipment described in the Statement of Benefits before the Real Estate has been designated an economic revitalization area by the County Council, or has installed after March 1, 2014, certain new manufacturing equipment described in the Statement of Benefits before Applicant's Statement of Benefits was submitted to the County Council; and

WHEREAS, pursuant to the provisions of I.C. 6-1.1-12.1-11.3, the County Council seeks to waive any noncompliance with the requirements that an economic revitalization area be designated and that a completed statement of benefits form must be submitted to the County Council, before the initiation of the installation, or the installation of new manufacturing equipment (the "Waivers"); and

WHEREAS, on May 12, 2014, pursuant to Resolution No. 2014-0002, the County Council did adopt a resolution for the designation of the Real Estate as an "economic revitalization area," approving the Statement of Benefits and considering the Waivers ("Declaratory Resolution"); and

WHEREAS, notice of the adoption and substance of the Declaratory Resolution and the scheduling of a public hearing on June 9, 2014, regarding the Declaratory Resolution was published pursuant to I.C. 6-1.1-12.1-2.5; and

WHEREAS, the County Council, after conducting a public hearing on these matters on June 9, 2014, has given careful consideration to all comments and views expressed regarding the designation of the Real Estate as an "economic revitalization area," the Statement of Benefits, and the Waivers; and

WHEREAS, all requirements of I.C. 6-1.1-12.1-2.5 have been fulfilled; and

WHEREAS, all requirements of I.C. 6-1.1-12.1-11.3(c) have been fulfilled.

NOW, THEREFORE, IT IS FOUND, DETERMINED, CONFIRMED AND RESOLVED by the County Council that:

1. The County Council confirms its Resolution No. 2014-0002.
2. The Real Estate set forth in Exhibit 1 should be and is hereby found, declared and designated to be an "Economic Revitalization Area" as that term is defined in I.C. 6-1.1-12.1-1.
3. The Statement of Benefits submitted by Applicant on April 25, 2014, and attached hereto as Exhibit 2, should be and is hereby approved.
4. For the Statement of Benefits, the County Council makes the following findings of fact pursuant to I.C. 6-1.1-12.1-4.5(b):

a. The estimate of the cost of the new manufacturing equipment is reasonable for equipment of that type.

b. The estimate of the number of individuals whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment.

c. The estimate of the annual salaries of those individuals whose employment will be retained can be reasonably expected to result from the proposed installation of new manufacturing equipment.

d. Any other benefits about which information was requested are benefits that can be reasonably expected to result from the proposed installation of new manufacturing equipment.

e. The totality of benefits is sufficient to justify the deduction.

5. The County Council further finds Applicant's estimate of the value of the project to be put in place on the subject Real Estate is reasonable for projects of that nature in order to maintain, expand, update, and improve the ability of Applicant to continue its manufacturing operations in Vermillion County, Indiana.

6. The County Council hereby finds, declares and determines that deductions from the assessed value of the new manufacturing equipment described in the Statement of Benefits approved by this Resolution shall be allowed over a ten (10) year deduction period, pursuant to the following ten (10) year abatement deduction Schedule, which the County Council hereby establishes, prescribes and adopts:

YEAR OF DEDUCTION	DEDUCTION PERCENTAGE
1 st	100%
2 nd	90%
3 rd	80%
4 th	70%
5 th	60%
6 th	50%
7 th	40%
8 th	30%
9 th	20%
10 th	10%
11 th and thereafter	0%

7. This abatement will be subject to mutually acceptable terms and provisions of an Abatement Calculation Agreement to be negotiated and entered by and between the County Council and Applicant pursuant to I.C. 6-1.1-12.1-2(i).

8. Pursuant to I.C. 6-1.1-12.1-14, the County Council has established an Abatement Fee, Applicant has been advised of said fee and agreed to the imposition of the Abatement Fee and the incorporation of such fee in this Resolution. Now, therefore, the County Council incorporates herein the provisions of I.C. 6-1.1-12.1-14 and declares that the percentage to be applied by the County Auditor for purposes of Step Two of I.C. 6-1.1-12.1-14(c) is 5%.

BE IT ALSO RESOLVED BY THE COUNTY COUNCIL, that after conducting a public hearing on the Waivers on June 9, 2014, the County Council hereby finds and resolves that pursuant to I.C. 6-1.1-12.1-11.3, this resolution adopting Waivers waiving any noncompliance by Applicant with the requirements that an economic revitalization area be designated before the initiation of the installation of new manufacturing equipment for which Applicant desires to claim a deduction under I.C. 6-1.1-12.1, and that a completed statement of benefits form must be submitted to the County Council before the installation of the new manufacturing equipment for which Applicant desires to claim a deduction under I.C. 6-1.1-12.1, should be and is hereby adopted by the County Council and that any such noncompliance by Applicant is hereby waived.

Passed in Open Council this 9th day of June, 2014.

FORM SB-1 / PP

PRIVACY NOTICE

Any information concerning the cost of the property and specific salaries paid to individual employees by the property owner is confidential per IC 6-1.1-12.1-5.1.

INSTRUCTIONS

1. This statement must be submitted to the body designating the Economic Revitalization Area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise this statement must be submitted to the designating body **BEFORE** a person installs the new manufacturing equipment and/or research and development equipment, and/or logistical distribution equipment and/or information technology equipment for which the person wishes to claim a deduction.
2. The statement of benefits form must be submitted to the designating body and the area designated an economic revitalization area before the installation of qualifying abatable equipment for which the person desires to claim a deduction.
3. To obtain a deduction, a person must file a certified deduction schedule with the person's personal property return on a certified deduction schedule (Form 103-ERA) with the township assessor of the township where the property is situated or with the county assessor if there is no township assessor for the township. The 103-ERA must be filed between March 1 and May 15 of the assessment year in which new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment is installed and fully functional, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between March 1 and the extended due date of that year.
4. Property owners whose Statement of Benefits was approved, must submit Form CF-1/PP annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)
5. For a Form SB-1/PP that is approved after June 30, 2013, the designating body is required to establish an abatement schedule for each deduction allowed. For a Form SB-1/PP that is approved prior to July 1, 2013, the abatement schedule approved by the designating body remains in effect. (IC 6-1.1-12.1-17)

FOR USE OF THE DESIGNATING BODY

We have reviewed our prior actions relating to the designation of this economic revitalization area and find that the applicant meets the general standards adopted in the resolution previously approved by this body. Said resolution, passed under IC 6-1.1-12.1-2.5, provides for the following limitations as authorized under IC 6-1.1-12.1-2.

A. The designated area has been limited to a period of time not to exceed _____ calendar years * (see below). The date this designation expires is _____.

B. The type of deduction that is allowed in the designated area is limited to:

- | | | |
|--|------------------------------|-----------------------------|
| 1. Installation of new manufacturing equipment; | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 2. Installation of new research and development equipment; | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 3. Installation of new logistical distribution equipment | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 4. Installation of new information technology equipment; | <input type="checkbox"/> Yes | <input type="checkbox"/> No |

C. The amount of deduction applicable to new manufacturing equipment is limited to \$ _____ cost with an assessed value of \$ _____.

D. The amount of deduction applicable to new research and development equipment is limited to \$ _____ cost with an assessed value of \$ _____.

E. The amount of deduction applicable to new logistical distribution equipment is limited to \$ _____ cost with an assessed value of \$ _____.

F. The amount of deduction applicable to new information technology equipment is limited to \$ _____ cost with an assessed value of \$ _____.

G. Other limitations or conditions (specify) _____

H. The deduction for new manufacturing equipment and/or new research and development equipment and/or new logistical distribution equipment and/or new information technology equipment installed and first claimed eligible for deduction is allowed for:

- | | | | | | |
|---------------------------------|---------------------------------|---------------------------------|---------------------------------|----------------------------------|---------------|

I. For a Statement of Benefits approved after June 30, 2013, did this designating body adopt an abatement schedule per IC 6-1.1-12.1-17? ☐ Yes ☐ No
If yes, attach a copy of the abatement schedule to this form.
If no, the designating body is required to establish an abatement schedule before the deduction can be determined.

Also we have reviewed the information contained in the statement of benefits and find that the estimates and expectations are reasonable and have determined that the totality of benefits is sufficient to justify the deduction described above.

* If the designating body limits the time period during which an area is an economic revitalization area, that limitation does not limit the length of time a taxpayer is entitled to receive a deduction to a number of years that is less than the number of years designated under IC 6-1.1-12.1-17.

**IC 6-1.1-12.1-17
Abatement schedules**

Sec. 17. (a) A designating body may provide to a business that is established in or relocated to a revitalization area and that receives a deduction under section 4 or 4.5 of this chapter an abatement schedule based on the following factors:

- (1) The total amount of the taxpayer's investment in real and personal property.
 - (2) The number of new full-time equivalent jobs created.
 - (3) The average wage of the new employees compared to the state minimum wage.
 - (4) The infrastructure requirements for the taxpayer's investment.
- (b) This subsection applies to a statement of benefits approved after June 30, 2013. A designating body shall establish an abatement schedule for each deduction allowed under this chapter. An abatement schedule must specify the percentage amount of the deduction for each year of the deduction. An abatement schedule may not exceed ten (10) years.
- (c) An abatement schedule approved for a particular taxpayer before July 1, 2013, remains in effect until the abatement schedule expires under the terms of the resolution approving the taxpayer's statement of benefits.

**ATTACHMENT TO STATEMENT OF BENEFITS FORM SB-1/PP OF
ELI LILLY AND COMPANY
CLINTON, INDIANA/VERMILLION COUNTY**

Section 2. Eli Lilly and Company's ("Lilly") project consists of certain new manufacturing equipment, including new production equipment, as well as significant upgrades to existing production equipment. Among other things, this equipment includes new, or upgrades to various existing pieces of, manufacturing and processing equipment, including, without limitation, chillers, bagging lines, centrifuge, tanks, production utilities equipment and piping, heat exchangers, after coolers, pumps, agitators, exhausts, pilot plant equipment, motors, gearboxes, production storage racking, and other production equipment for direct use in Lilly's production process.

The real property component of Lilly's project is described in the Form SB-1/Real Property filed concurrently herewith.

The estimated start dates and completion dates as set forth in this Statement of Benefits are approximate equipment installation dates. Some of the equipment will be installed in 2014 (after March 1) and some will be installed in 2015 and some installed in 2016. However, these dates are merely estimates and may fluctuate, depending on circumstances so that it is possible that some of the equipment included in the project may not be installed until sometime in 2017.

Section 3. The current number of persons employed full-time at the project site is 462, with total approximate salaries of \$33,900,000. For purposes of this Statement of Benefits and Lilly's proposed project, the estimate of employees to be supported and retained as a result of the project is 450 with total estimated salaries of \$31,500,000. While Lilly anticipates

that it will continue for the foreseeable future to employ 462 employees at its plant, nevertheless, because it is impossible to predict with certainty whether that precise level of employment will be maintained at all times over the life of the project, for all purposes of measuring Lilly's compliance with this Statement of Benefits, Lilly is estimating that the number of retained employees as a result of the project will be 450 with estimated total salaries of \$31,500,000. Note: These 450 employee positions are the same 450 employee positions referred to in the Form SB-1/Real Property being filed concurrently herewith with respect to the real property portion of Lilly's project.

Section 4. Pursuant to Section 4 of this Statement of Benefits, Lilly sets forth amounts most recently reported as of March 1, 2013, on its depreciable personal property tax return for the Clinton plant: Those amounts are \$266,409,390 (cost of all depreciable property at the plant excluding equipment not yet placed in service) and \$85,660,990 (total assessed value before abatement deductions), respectively.

Lilly has set forth under Section 4 the estimated cost of the new manufacturing equipment that it estimates will be installed as part of this project. This estimated cost of \$46,000,000 is just that, an estimate, and the actual cost may vary, depending upon circumstances, by 10% above or below this amount. This cost estimate reflects the estimate as of the date of filing of this form and may vary as final engineering and installation occur. Likewise, until the project is completed, certain of the costs that have been estimated for the real property portion of this project (*see* the Form SB-1/Real Property filed concurrently herewith) may, in fact, be costs for personal property and some of the costs of the personal property estimated herein, may ultimately be real property costs.

An estimate of assessed values for the new manufacturing equipment resulting from the project ultimately depends on a number of factors. The assessed values of this new manufacturing equipment will be determined under a complex set of statutes and regulations that cause those values to fluctuate from year-to-year, making it difficult to estimate total assessed values of such equipment. For example, the actual assessed values of depreciable personal property change annually based upon the various true tax value percentage factors prescribed for depreciable personal property under the applicable Indiana personal property tax regulations for various classes of property. Also, please note that the actual assessed value of this property will depend on numerous objective and subjective factors, and will not be known with any certainty until the property is installed and reported for taxation. In short, such assessments will ultimately be determined in accordance with the Indiana property tax laws and regulations and will depend upon the facts, the timing of equipment installation during the course of the project period, the actual depreciation pools applicable to the property, the impact of the 30% factor and numerous other factors both objective and subjective. For illustrative purposes only, assuming that -- (1) the entire project was first installed as of the same March 1, assessment date, (2) the ultimate cost per books and federal tax basis of such property was \$46 million, (3) all such property was depreciated under Pool No. 2, and (4) there are no adjustments to the resulting true tax value (assessed value) of the equipment (such as, for example, any impact from the application of the 30% factor, etc.) --then the true tax value (assessed value) of such property as of that first March 1, assessment date, on a stand-alone basis would be estimated to be \$18,400,000.
